- Classic design based very closely on Ernesto Valente's original E61 machine - for the professional barista
- Dedicated patented heat exchanger for the hot water tap, giving fresh water every time at a consistent 92 degrees celsius
- Re-engineered large capacity boiler for NZ conditions providing consistent steam pressure and thermal stability on extraction
- Chrome and black powdercoated casing providing durability and longevity (optionally available in any colour)
- Multiple foot mountings allowing setup on narrow width bench tops
- Patented E61 group head renowned for its thermal characteristics, very forgiving for baristas with differing skill levels
- Full swivel steam wands providing a comfortable steaming angle
- Independent manual boiler fill tap
